

Radicalisation and Extremism Policy

September 2020

Statement of intent

Protecting children from the risk of radicalisation is part of the school's wider safeguarding duties. We will actively assess the risk of children being drawn into terrorism. Staff will be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff will use their professional judgement to identify children who may be at risk of radicalisation and act appropriately - which may include making a referral to the Prevent Police Officer. The school will work with the Local Children's Safeguarding Board as appropriate.

1. Definitions

Understanding the terminology associated with Prevent will assist you in your decision making process. The following definitions are commonly used within Prevent and Channel:

Radicalisation: "the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups."

Extremism: the vocal or active opposition to fundamental values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces."

Terrorism: The use or threat of action designed to influence the government or an international governmental organisation or to intimidate the public, or a section of the public; made for the purposes of advancing a political, religious, racial or ideological cause; and it involves or causes:

- Serious violence against a person
- Serious damage to property
- A threat to a person's life
- A serious risk to the health and safety of the public
- A serious interference with or disruption to an electronic system

2. Training

A member of the designated safeguarding team has undertaken Prevent awareness training in order to be able to provide advice and support to other staff on how to protect children against the risk of radicalisation. The designated safeguarding lead will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

5. Referrals

We are committed to protecting our pupils from radicalisation through a process of early intervention. All staff are encouraged to raise any concerns they might have about a child with the designated safeguarding lead. The safeguarding lead will then assess the situation and decide whether further action is required. If so, they will then discuss any concerns with the head teacher and decide the best course of action regarding a referral to external agencies. Any decisions made will be made on a case-by-case basis and staff must be made aware that if they disagree with a decision not to refer, they are entitled to make a referral themselves where they harbour genuine concerns that a child is at risk.

The following flow chart can be used in your assessment on whether or not to make a referral, and if a referral is to be made, the relevant information required within the initial referral form. The information within this flow chart is not a definitive guide and should be used as a prompt to promote further questioning, reasoning, and clarity for the necessity of a referral to Prevent.

NOTICE

- What have you noticed? Who was involved?
- Does the incident relate to recent local, national or international events? Does the incident relate to local or national news stories? Has the individual been involved in similar incidents?
- Why do you feel the individual is vulnerable to radicalisation? What makes the individual at risk? Was it a one off comment or statement and out of context for the individual?
- Are there any other apparent vulnerabilities or concerns that make the individual at risk of radicalisation?
- Can the concern be dealt with in house or does it need wider checking?

CHECK

- Have you checked your concern with your Safeguarding Lead? If you are the Safeguarding Lead have you checked with other members of your Senior Leadership Team/ management? Do they share your Prevent related concerns?
- From your checks has any other information come to light?
- Has the individual of concern been spoken to for clarity? If not, what are the reasons for this (inappropriate, safeguarding risk). Do they offer a reasonable explanation and or account?
- If under 18, have their parents been spoken to for clarity? Have they noticed a change in behaviour? Do they offer a reasonable explanation and or account?
- Are any other agencies currently or historically working with the individual or family? Have they been consulted?

- Is the concern Prevent related? Or is it more suitable under general safeguarding? (Please refer back to the Terminology section) Have there been any historical concerns, i.e. concerns at previous school?
- Could the concern be addressed in house? Is there a genuine radicalisation risk? Do you and or the individual need additional support?
- Do you need to clarify or discuss with a member of the Prevent team?

SHARE

- Having raised the initial concern and carrying out the appropriate checks do you feel a referral is necessary?
- If so, all referrals should be made using the Wakefield Prevent Referral Form
- On the referral form have you included all the relevant contact details and basic information for the individual of concern, including parent/ guardians details and any siblings if appropriate?
- Have you differentiated between the date of referral and date of incident or incidents? If there is a gap, have you provided an explanation, for example; waiting for a meeting with parents to discuss concerns before making referral?
- Have you provided as much detail as possible in the nature of concern box? Have you provided a rounded picture of the individual? Have you detailed your actions as the referrer? Who have you consulted? What intervention, if any, have you put in place?
- Have you made any other Safeguarding referrals regarding the subject, or discussed the case with other agencies? Have you discussed with the Prevent team and been advised to make this referral?
- We encourage all referrers to discuss their concerns with the individual and parents (if applicable) and make them aware of the referral to Prevent (with reasons) unless sharing this information places the individual or another person at serious risk of harm.

6. Preventing radicalisation through learning

In addition to a vigilant programme of awareness of risk indicators and referrals where necessary the school is dedicated to protecting our pupils by engaging them in activities which help them to be more resilient to radical influences.
