

Tuesday 27<sup>th</sup> April 2021

We are delighted to, once again, be supporting the NSPCC by taking part in their Number Day on Friday 7<sup>th</sup> May 2021.

Number Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it. We will be using fun curriculum-based maths challenges in place of our usual maths lesson. We will also be taking part in 'Dress up for Digits' where pupils are invited to wear an item of clothing with a number on it (football shirt, sport shirt or even a onesie!) or you could even get more creative by dressing up as a dice or calculator! Please can we also ask all children wear PE kits on the bottom.

To help raise money for the NSPCC, we kindly invite children to make an optional donation of 50p on the day. Please can this be in a named, sealed envelope and handed to your child's class teacher.

The NSPCC believes that all children deserve a childhood free from harm but, sadly, that is not the case for all. That is why the NSPCC are fighting for every childhood and working to help keep children safe from abuse. By raising money, we can help to fund their vital services such as Childline – the helpline that's always there for children and young people whatever their problem or concern. For more information please

We thank you for your continued support.
